Tonya Henderson is a Visionary Artist, who creates paintings that reflect the flow, or movement of energy, universal landscapes, visions, and dreams. Each piece contains a fluidity of movement, which integrates circles, spirals and swirls of color into landscapes or places of the mind. They contain a message about the artist's thoughts, feelings, and states of being.

Tonya paints to record her examination of the mind, and the exploration into originating thought

Experiencing paranormal and spiritual phenomenon for more than five decades, Michigan-based Psychic Medium, Lisa Bousson, began seeing spirit at the young age of four years.
